“ Grandma will be missed.

She was the last of my grandparents that were still alive.

I feel blessed to have been able to visit her over the last couple of years while she was still around.

I will share a childhood memory of her and grandpa, when us young grandchildren would come and visit during the summer when school was out (I'm standing in front of Grandma).

This would have been in the early 80's.

I hope everyone enjoys the trip down memory lane.

“ I will sure miss Phyllis. I talked to her every day sometimes a few times a day. I will miss her calling me to tell me things she was excited about like when she would talk about Jacob and jazz. I could say anything to Phyllis and her to me . She was like a mom figure. I will miss walking over there and taking her the mail and her saying (hey babe what's ya doing) . Here is a pic when I took her to get her hair done . She was so excited and they did a great cut on her .
